SELECTMEN'S REPORT

Our annual report on the status of your town and some of the accomplishments of the past year, together with some recommendations for the coming year 1964, is hereby submitted.

These projects were carried out in 1963.

The town hall was painted on the outside, with one coat of paint, at a somewhat lower cost than was anticipated.

We were able to receive a substantial settlement with the insurance company towards the replacement of the Bridge at Granite Lake, built in 1962.

During the year we had to make drastic changes in the management of the town dump, in order to maintain it in its present location, this involved fencing the area and keeping it open on certain days only, with an attendant on duty, this resulted in a substantial increase in the maintenance costs.

We feel that this method of operation will have to be continued, in summer at least, and are therefore asking for an increase in the appropriation.

The T.R.A. appropriation was used on the unfinished portion of the Shedd Hill road, this consisted of widening and drainage on the most part although some gravel was put on, the State T.R.A. Supervisor feels that it will require 3 years money to complete this project and recommends that the Town raise money for an extended program, we are therefore inserting an article in the warrant to this effect.

In our opinion it will be necessary to have the east side of the town hall shingled in the near future, and ask your consideration of this at the town meeting.

In conclusion may we say that we see the need, in the not too distant future, of having the entire town reappraised, and a modern method of keeping the property records established.

ROBERT C. RUMRILL,
KENNETH D. McCLURE,

Selectmen of Stoddard

REPORT OF LIBRARY TRUSTEES

During the summer months, when the non-resident population of Stoddard is in Town, the Library is reasonably patronized. During the winter months our resident population shows little interest.

The Bookmobile comes to the Library about every six weeks and exchanges about 35 or 50 older books for new ones to keep our shelves well supplied. At the School, children in Grades 1 to 6 receive books of their own selection from the Bookmobile.

Several gifts of books to the Library have been received and are appreciated. Special thanks are due the Stoddard Women's Fellowship for their gift of three new books.

REPORT OF TRUSTEES OF TRUST FUNDS

Two dead trees in the New Cemetery were removed, and the gates painted. Further brush cutting was done in the Old Cemetery, so that a great deal of improvement has been noticed.

This coming year we will need to spread loam at the Robb Cemetery as the ground is too bare to sow grass seed.

The following is a summary of expenditures during the year.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Stoddard :

It is a pleasure to submit my tenth annual report for your consideration.

Enrollment at the Central School as of October 1, 1963, was as follows :

Grade I	7	Grade IV	5
Grade II	4	Grade V	2
Grade III	4	Grade VI	3
Total 25			

Tuition pupils this year are as follows :

Keene :	Holly Harmon	Grade 11
	Gordon Garnett	Grade 10
	Roger Hill	Grade 10
	Betsy Rumrill	Grade 9
	Philip Hamilton	Grade 9
	Mary Harmon	Grade 8
	Robert Rumrill	Grade 7
-		
Peterborough :	Charles Eaton	Grade 12
	Linda Hopkins	Grade 11
	Linda Lightbody	Grade 11
	Michael Eaton	Grade 10
	Thomas Eaton	Grade 9
	Brendalee Lightbody	Grade 8
	Dean Eaton	Grade 7
	Babbette Miller	Grade 7
	Wallace Weaver	Grade 7

It was indeed gratifying to see the voters of the district at the annual meeting recognize the inability of eight grades in a self contained classroom to cope with the demands of modern day education and take a step toward providing equal

educational opportunities for their children. This is but one of the many adjustments that will have to be made in the years to come as our experience in procuring a teacher for this year strongly indicates that the future of multiple grades in a one classroom situation is not bright.

It was somewhat of a shock when Mrs. McMahon announced her intentions of accepting a position out of state, as the community not only lost an excellent teacher but an excellent citizen as well. During her tenure as teacher at the Central School, the children of Stoddard fared exceptionally well under the conditions which it was necessary to teach.

After a period of diligent effort by your Board and myself the services of Miss Esther Grout were obtained to teach the six grades remaining in Stoddard. Miss Grout has several years of elementary teaching experience and the school appears to be operating reasonably well.

It has again been a pleasure to work with the people of Stoddard who are directly or indirectly interested in the education of Stoddard's youth.

Respectfully submitted,

NORMAN R. HARTFIEL,

Superintendent of Schools

ANNUAL REPORT OF SCHOOL NURSE

To the Stoddard School District:

I am submitting an account of the school nursing program for the school year 1962-63.

As of this writing all first graders registered in September of 1963 have received the smallpox vaccination.

Eight students have completed the Sabin oral polio series.

Hearing tests with an audiometer and eye examinations were given to the students. Those requiring corrective action were notified. An inspection of the children was made at frequent intervals. As a result of these inspections, the need of dental care was evidenced and tooth brushes were issued to many of the children in the hope that there might be some improvement in this area.

I wish to thank the Superintendent of Schools, teachers, parents and School Board for their cooperation in the nursing program.

Respectfully submitted,

GAIL N. JOHNSON, R.N.

School Nurse

Report of the Forest Fire Warden and Your District Chief

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and relinquishing of personal rights for the common good. It was the greatest demonstration of public co-operation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump — it's safer. A neglected backyard incinerator causes many fires.
3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.
